WORK EXPERIENCE

REACTJS INTERN
AMAZING TECH | 07/2024 - 08/2024

- Engaged in a program focused on ReactJS, enhancing my understanding of component and state management.
- Participated in a front-end team to build friendly web applications.
- Gained experience with tools such as Git, RESTful API, and the Ant Design library, improving my development skills.

PROJECTS

Portfolio Website | 11/2024

- Team Size: 1
- Description: This website was created to show my skills and personal interests in web development. It's a space where I share the projects I've worked on and the technologies I've learned and applied.
- Tech stack: HTML, CSS, JavaScript, Tailwind CSS.
- Live demo: https://itsnamportfolio.vercel.app
- Source code: https://github.com/itsnam/portfolio

Sloth Store Website | 9/2024 - 10/2024

- Team Size: 1
- Description: This website allows users to order clothing online. Users can browse through various clothing categories, add items to their cart, and complete purchases. They can also track their order status. Additionally, administrators can manage products, and orders, as well as view sales charts and track inventory trends.
- Tech stack: HTML, CSS, JavaScript, TypeScript, ReactJS, ExpressJS, MongoDB, RESTful API.
- Live demo: https://sloth-store-fe.vercel.app
- Source code: https://github.com/itsnam/sloth-store
